

# Starvation Wage

If you want to catch that ride  
You better head to the edge of town. 2x

There'll be a truck bound for Melbourne  
If you try you can flag one down.

You know there ain't no work for you  
up here in the sunshine state. 2x

You better head back down south  
For the money you aim to make.

Well I don't mind working  
But for fair days pay 2x

But I would rather go hungry  
Than to work for your starvation wage

You make like it's a favour  
Working on your factory floor. 2x

Its hard times for a family  
Hard times, for the working poor.
