

Once I knew
Once I knew
Once I knew I couldn't stay
I felt so good, I felt so good that day
I packed my suit case and planed my getaway

I couldn't live
I couldn't live
I couldn't live at your mother's house
I was so miserable, I lost my way
Than I told you I was leaving, you good come or you could stay.

Once I knew
Once I knew
Once I knew you would come along
I felt so happy, I was as happy as I could be
You took my hand and you rode away with me.

Solo's

If I knew
If I knew
If I knew what I know now
If I knew, your mother would have us on the run
I would have stayed in Wangaratta and never would have come.

I couldn't live
I couldn't live
I couldn't live at your mother's house
I was so miserable, I lost my way
Than I told you I was leaving, you good come or you could stay.
